Let’s celebrate the NEW Clean Vehicle Assistance Program!

Learn more: cleanvehiclegrants.org
Affordable loans: 8% or below

Electric vehicle grants: $5,000

Hybrid vehicle grants: $2,500
Advancing a “beneficial banking” model

- one that promotes the long-term prosperity of all our communities, especially those underserved.

Rooted in a social justice approach

- equal participation in society’s institutions
- leads to equitable benefits for all individuals and groups
- accounts for the unequitable access of some individuals or groups to basic societal elements of a thriving life
- strategies specifically oriented to enabling their inclusion
Who is this program for?

Californians that qualify as lower-income

especially residents of California’s disadvantaged communities (DACs).
Background

- Funding from California Climate Investments ($5 million)
- Grant agreement with the California Air Resources Board
- Statewide pilot (2017-2020)
Our Vision of Success

- 800 clean vehicle grants to Californians most affected by poor air quality

- Affordable loans available to all clean vehicle buyers through coordination with the Clean Vehicle Rebate Program and Clean Cars 4 All

- Transition to an established program

- Reduce GHG emissions and contribute to clean air for all
Thank you!
