SOCIAL EQUITY IN AN AUTONOMOUS, CONNECTED, ELECTRIC AND SHARED WORLD

All I really need to know I learned in kindergarten

All I really need to know about how to live and what to do and how to be I learned in kindergarten. Wisdom was not at the top of the graduate-school mountain, but there is the sandpile at Sunday School. These are the things I learned:

- Be kind.
- Be fair.
- Be honest.
- Be brave.
- Be patient.
- Be humble.
- Be respectful.
- Be thankful.
- Be generous.
- Be giving.

All of these things you will learn in kindergarten.

Social Equity in an Autonomous, Connected, Electric and Shared World

There are over 2 million disabled New Yorkers.

And only 25% accessible stations.
SOCIAL EQUITY IN AN AUTONOMOUS, CONNECTED, ELECTRIC AND SHARED WORLD

start with small pilot programs targeting vulnerable low income communities
SOCIAL EQUITY IN AN AUTONOMOUS, CONNECTED, ELECTRIC AND SHARED WORLD

- Benefits
  - Fewer cars on the road
  - Encourages use of public transit
  - Increasing safety
  - Less time spent commuting
  - Transforming street scape into green space
  - Increasing real estate value in the outer boroughs
  - Less isolation for disabled New Yorkers

- Resilience

LEGEND
- White catchment area
- ADA stops
- Express stops
